Capability Statement

Core Competencies:

Precision machining company supplying the aerospace, defense, medical, scientific, technology, and commercial industries.

Specializes in

- 3 & 5 Axis CNC Machining
- Diamond Turning
- Electrical Discharge Machining (EDM)
- Grinding/Lapping
- Laser Marking
- CAD/CAM Software
- Inspection
- High & Low Volume Production, Blanket Orders
- Prototyping
- Assembly

Differentiators:

- AS9100D & ISO 9001:2015 Certified QMS
- DFARS & NIST SP 800-171 Compliant
- ITAR Registered
- Over 50 Years of Service
- Dedicated and Experienced Team of Experts
 - » Combined over 200 years at KAF
 - » Certifications in ESPRIT CAM, PC-DMIS, Sodick EDM
 - » Specialized training includes Hass, Mazak, SOLIDWORKS, ZYGO Interferometer inspection, Keyence inspection, Hexagon CMM, AS9100 Standard, FOD/Counterfeit awareness, CUI/Cyber Security awareness
- Quick Turnaround
- Multi-Vendor Relationships
- Experience with an Assortment of Materials

Past Performance:

- L3Harris
- Agilent Technologies
- Mettler Toledo
- Smiths Group (Smiths Detection)
- MKS Instruments (Newport Corporation)
- RedWave Technology

Company Data:

Founded in 1970 by John J. Feighery as a basement operation specializing in bearing modification, KAF Manufacturing has developed into a 11,000 sq. ft. precision machining facility featuring a skilled team utilizing cutting-edge technology.

Serving customers in the commercial and government sectors for over 50 years, we take immense pride in offering superior machining solutions tailored to meet the most demanding specifications.

From prototypes to large-scale production runs, we have the expertise, experience, resources, and capabilities to satisfy customer's specific requirements while maintaining the highest standards of quality.
